At LINK Industrial Services, we understand the Metals, Paper, and Power Utilities Industries and the equipment needed to keep them running. From the start, LINK has been committed to providing innovative solutions along with quality surplus and remanufactured controls to help our customers achieve their cost reduction goals. LINK has nearly 50,000 items In-Stock and one of the nation's most diverse industrial control inventories available.

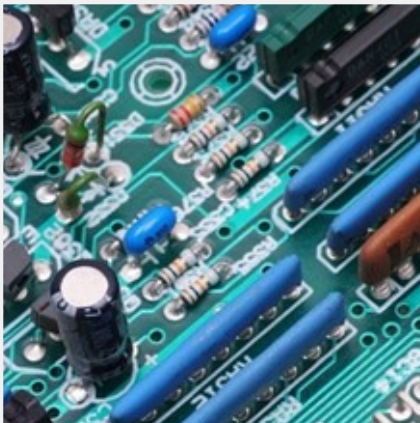

Save Up To 80% off MSRP

- AC/DC Drives
- PLC Control
- DCS Control
- X-Ray Control
- Roll Force Control
- Digital Motor Controls
- Width Gauge Control
- Slag Detection Control

LINK specializes in automation systems designed for Rolling Mill applications and the processes that support them. Our inventory includes manufacturers such as:

Allen Bradley	Modicon
ABB	Reliance
Bailey	Siemens
Cegelec	Square D
General Electric	Westinghouse
Honeywell	Over 400 more

Let LINK provide you with all your replacement, exchange and repair needs.
